
The Card Collection™

Offer Affordable, High-Quality
Card Designs With Our
Exclusive Turnkey Solution

Managing card programs can be challenging for financial institutions. Diversify your card program with The Card Collection from Fiserv. Your organization will benefit from seamless implementation, which helps increase card activation and secure top-of-wallet positioning.

The Card Collection is a cost-effective way to offer your cardholders unique card designs, including magnetic stripe, EMV[®] contact and contactless. Our exclusive designs eliminate creative expenses and enable a fast turnaround. Pay-as-you-go ordering is also supported with inventory from Fiserv that enhances profitability, as up front inventory costs and risk of obsolescence are eliminated. Use The Card Collection for credit, debit, ATM, gift, health savings (HSA), flexible spending (FSA), payroll and other prepaid card programs.

Key Benefits:

- No creative costs as designs reflect the latest consumer preferences and trends
- Pay-as-you-go ordering means no up-front inventory costs or risk of obsolescence
- In-stock options eliminate inventory management and ensures fast delivery
- Chip end-of-life management eliminates the need to manage chip expiration dates and other EMV product configuration changes

Magnetic Stripe, EMV Contact and Contactless Cards

Fiserv offers several Visa[®] and Mastercard[®] debit and credit card designs as part of The Card Collection. All are preapproved and available as magnetic stripe cards and many are available as EMV contact and contactless cards.

To leverage The Card Collection designs, you must use the Fiserv standard chip-card configurations.
